

Lightweight Industrial Workstands

Safety Every Step of the Way

WSA100
Aluminum, Bolt-together

Increase Productivity! Improve Ergonomics!

Bustin Lightweight Industrial Workstands provide the perfect access solution to improve productivity and safety. The aluminum workstand is ideal for wet environments; aluminum will not rust and serrated safety grating provides a superior slip-resistant surface. The steel workstand is perfect for those heavy duty applications where extra durability is required.

FEATURES:

- Easy climb with a 50° stair angle
- Standard 24" or 36" platform for extra standing room
- Bustin Serrated Safety Grating for superior slip-resistance. Our grating is self-cleaning and low maintenance
- 500 lbs capacity—yet so light. Aluminum Workstands are easy to move.
- Meets OSHA standards.
- Available in aluminum or steel.
- Available as bolt-together or welded design

OPTIONS TO CUSTOMIZE YOUR WORKSTAND:

Handrails:

- Choose your Handrail configuration to provide the perfect combination of safety and function!
- Handrails bolt-on and meet OSHA requirements.
- Handrails have toe-plate welded on to meet OSHA code.

Mobility: Available with Optional Casters for easy mobility.

The Perfect Access Solution

Workstand shown has a back and side handrail with optional wheels.
