

## Rugged-Built Fixed and Portable Access Stairways

### DE1101

- Strong, durable stainless steel hooks attach to flat bar strap mounted on outside of trailer
- 18" wide treads x 1 1/4" high bearing bars made with Bustin's slip-resistant safety grating for comfort and secure footing
- Portable stairway with no platform
- Weight Capacity: 350 lbs.

### DE1102

- Lightweight aluminum stairway weighs under 40 pounds, hooks into supplied brackets
- Walking surface made with Bustin's slip-resistant safety grating

**Because it's portable, one unit can service multiple side doors.**

- Weight Capacity: 350 lbs.

**Made of lightweight aluminum. Weighs under 30 lbs.  
Can be used on all trailer doors.**

Photo depicts a DB2502 Carrier with a DE1102 Stairway

### DE1103

- Can be used on all trailer doors
- This portable platform offers larger landing space.**
- 40" x 21 13/16" deep platform
  - Weight Capacity: 350 lbs.

### DB2502

For use with part numbers DE1101, DE1102, DE1103 and DE1106.

- Specially designed by our engineers for easy access to our portable stairways. Under-trailer mounting saves valuable space in the trailer body.
- Sturdy steel construction but still only 32 lbs!
- Can be padlocked for security
- Easily bolts to trailer cross members

### DE1106

- 31" x 21 13/16" deep platform
- Portable access on all doors of trailer
- Weight Capacity: 350 lbs.
